— that's MARMITE

Marmite is now available in *two* convenient forms. Keep both of them by you and use them freely. The new Marmite Cube makes the tastiest and most nourishing of drinks. It dissolves instantly in boiling water or milk.

For sandwiches, soups or meat dishes use Marmite from the familiar jar. Delicious in itself, it brings out the flavour of other foods and makes them do you more good. For Marmite is rich in Vitamin B, which you *must* have for your health's sake.

RETAIL PRICES :

In Jars : 1 oz. 6d., 2 oz. 10d., 4 oz. 1/6, 8 oz. 2/6, 16 oz. 4/6.

In Cubes : 1d. each, tin of six 6d.

Make this a "Comfort" Winter

Enjoy the benefits available by Cheaper Gas through the medium of the Two Part Tariff.

It is no longer a luxury to have the comfort of the healthy glowing warmth of a gas fire in bedroom, living room and hall without smoke, dirt or ashes—or the advantages of a plentiful supply of hot water for baths, washing-up and all domestic purposes.

These amenities are within the reach of all, for the Two Part Tariff enables you to use considerably more gas without any additional cost.

Enquire for Mr. Therm's little booklet, "We are Seven", and learn how the Two Part Tariff will benefit you.

NOW

THERE IS

**NOTEK
LIGHT**

With its exclusive triple reflector and golden lens NOTEK gives a broad sheet of intense, non-dazzling light, 100% controlled. It shows both what lies ahead and what fringes the sides of the road, but it never rises above a height of 3 ft. 6 ins. —yet this wonderful illumination is obtained from a single 36-watt bulb, a distinct advantage when thinking in terms of battery life. Notekligh renders fog transparent and gives unequalled visibility under all weather conditions.
